**Subject:** microsoft settlement

In the interest of the public, people like me, settle the Microsoft issue as soon as possible. I would like to remind you that big business and big government is not the people, although they claim to have our interests at heart. There is just too much politics in the Microsoft settlement issue and I see no reason to prolong the settlement. Our economy as well as everyday folks will benefit most from the settlement of the current agreement.

Thanks for your diligence. Margaret Jarrard
